GREENER**

Leader's Foreword

This Corporate Plan sets out how we will continue making Cardiff a stronger, fairer and greener city.

It details how we will work to support the economy, with an ambitious programme of regeneration and investment to create and sustain well-paid jobs. It sets out how education in Cardiff will help our young people reach their potential, by investing in school buildings, supporting teachers, creating new opportunities for all learners to experience what the city has to offer and tackling barriers to progress, wherever they may exist.

We will continue to deliver more high-quality affordable housing. Whilst across the UK, a generation of young people continue to be let down by lack of new homes, here in Cardiff we are delivering hundreds of Council homes and have plans for thousands more affordable housing through our wider delivery programme.

We will enhance support for those who are struggling to make ends meet. After more than a decade of austerity and with an ongoing cost-of-living crisis, this Plan sets out how we will help prevent homelessness, support people to access benefits and help people, of all backgrounds, into work.

For the most vulnerable children and adults in our communities, we will make sure they receive the right support at the right time. We will make Cardiff a great place to grow old, providing opportunities for people to stay connected to their community and live safely in their own homes for as long as possible. The important work we are taking forward with the local NHS to help get people safely out of hospitals and back into the community as swiftly as possible will also be taken to the next level.

We will continue to invest in local and district centres, maintain our parks and green spaces, support local sports clubs, promote inclusion and give everyone opportunities to speak the Welsh language.

The Plan also reasserts our commitment to tackling the climate emergency and includes a programme of service transformation to ensure the quality of public services can be maintained in the face of rising demand and declining funding.

A hugely ambitious agenda, yes, but also one rooted in realism. There's little doubt that, after a decade of austerity, Covid-19, the cost-of-living crisis and now austerity once more, councils across the UK are facing challenges unlike any experienced before. For making the progress we have made, in the face of these challenges, I am grateful for the commitment and dedication of officers, teachers, school leaders, elected members and partners across the city for all of their support. Thanks to that collective effort, education results are now amongst the highest in Wales, new Council homes are being built across the city and more people than ever before are being paid the Real Living Wage.

I look forward to working with you all once more over the year ahead.

Delivering a Stronger, Fairer, Greener Cardiff

To outline its ambitions for the city, the Council's Administration has set out a five-year policy programme, entitled 'Stronger, Fairer, Greener'.

The Corporate Plan, *Delivering a Stronger, Fairer, Greener Cardiff*, translates the Administration's priorities into the Council's Planning and Performance Framework, providing clarity on what will be delivered, and by when.

In accordance with the requirements of the Wellbeing of Future Generations (Wales) Act 2015, the Corporate Plan sets out Cardiff's Wellbeing Objectives, the steps we will take to achieve them and how we will measure progress. Cardiff Council's Corporate Plan 2024-27 also acts as the Council's Wellbeing Statement.

Glossary of Terms

- **Wellbeing Objective:** sets out what the Council wants to achieve
- **Outcome Indicator:** a measure of city-wide performance
- **Step:** what the Council will do, and by when, to help achieve each Wellbeing Objective
- **Key Performance Indicator:** an indicator of operational performance that shows if the steps the Council are taking are effective
- **Target:** sets out a numerical value on Key Performance Indicators to be achieved
- **Self-Assessment:** a process that the Council undertakes to help shape Wellbeing Objectives and identify the steps for inclusion in the Corporate Plan

Setting Wellbeing Objectives

All public bodies in Wales must act in accordance with the Sustainable Development Principle and must demonstrate that the five ways of working have shaped and inform decision-making.

The Wellbeing Objectives were set following a process of self-assessment and policy development as part of the Council's planning and performance cycle. The table below sets out how the five ways of working have been applied in the setting of our Wellbeing Objectives:

Way of Working	How has it been applied?
Long-term The importance of balancing short-term needs with the need to safeguard the long-term needs.	<p>The Wellbeing Objectives and steps in this plan were informed by a wide-ranging evidence base which considers immediate issues and longer-term trends. This includes:</p> <ul style="list-style-type: none">• <u>Cardiff's Local Wellbeing Assessment</u>: a comprehensive study of the quality of life in Cardiff undertaken in 2022 by the Cardiff Public Services Board (PSB).• <u>Cardiff Future Trends Report</u>: a report for the Cardiff PSB which sets out the long-term trends facing Cardiff and the impact these will have on the city's public services.• <u>Cardiff & Vale Population Needs Assessment</u>: an assessment of the care and support needs of the population, undertaken by the Cardiff & Vale Regional Partnership Board (RPB).• <u>Medium Term Financial Plan (MTFP)</u>: this Corporate Plan was created in tandem with the Council's MTFP 2025/26 – 2028/29. The MTFP forecasts the Council's future financial position.• <u>2020 Future Generations Report</u>: a report by the Future Generations Commissioner, which provides an assessment of the improvements public bodies should make in relation to their Wellbeing Objectives.• Cardiff's <u>city-wide dashboard</u>: a live resource enabling progress to be monitored. The Cardiff PSB also publishes a full set of outcome indicators annually, most recently in the <u>Cardiff in 2022 analysis</u>, which provides a snapshot of how the city is performing.

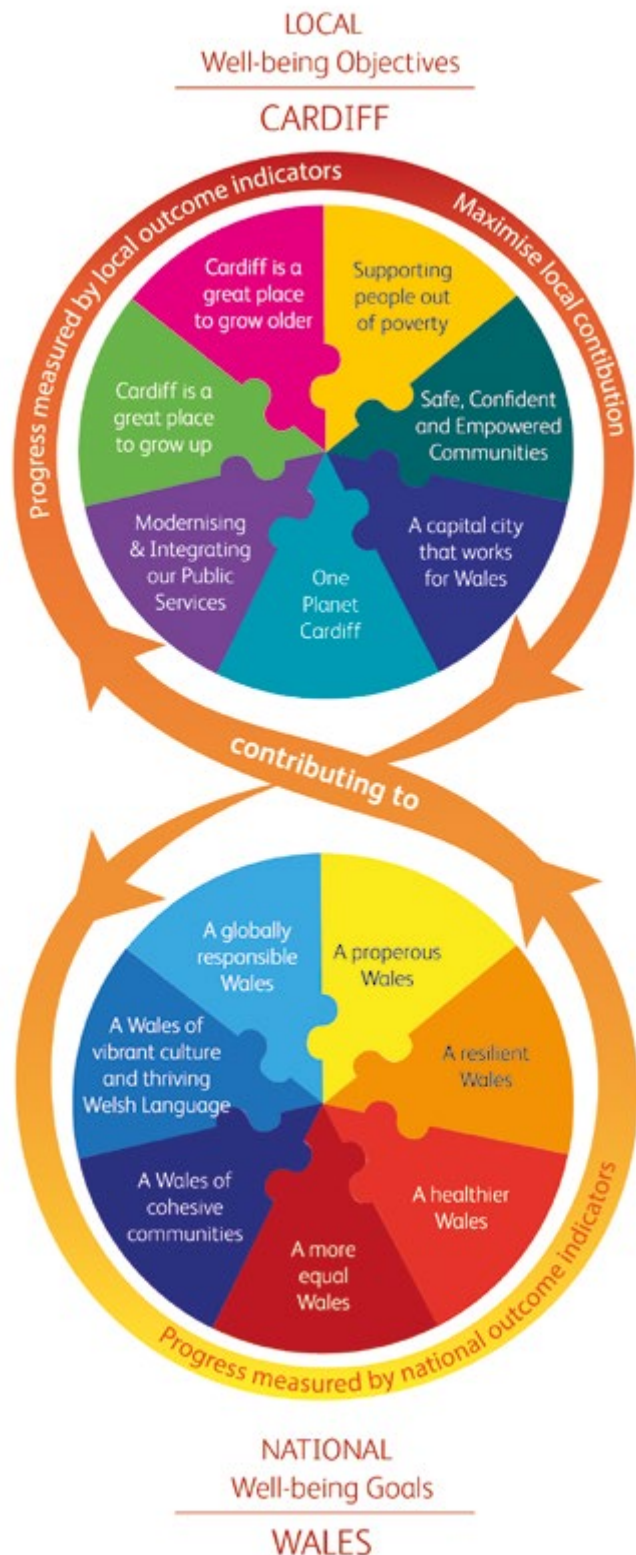

Way of Working	How has it been applied?
<p>Prevention</p> <p>How acting to prevent problems occurring or getting worse may help public bodies meet their Objectives.</p>	<p>In everything that the Council sets out to achieve, a focus is placed on intervening early, addressing the root causes and aiming to, wherever possible, prevent problems before they happen, thereby improving outcomes, and managing demand and budget pressures facing services. Each Wellbeing Objective contains steps which are characterised by early intervention of this nature. Examples of this include:</p> <ul style="list-style-type: none"> • Shifting the balance of care in Children’s Services; • Working to ensure that appropriate young people are in receipt of a prevention service from the Youth Justice Service; • Supporting older people to live independently at home through strengths-based preventative services; • Promoting the rent arrears pathway and reviewing how rent arrears cases in all tenures are managed, so that they are dealt with rapidly, whilst using the most appropriate financial support to prevent homelessness.
<p>Collaboration</p> <p>Acting in collaboration with any other person (or different parts of the body itself) that could help the body to meet its Wellbeing Objectives.</p>	<p>The complex challenges facing public services cannot be met by one organisation, sector or public service alone – a whole-system response from the city’s public services is needed. Building on the progress made in this area during the pandemic, strengthened partnership arrangements are in place to respond to increased demand and new, complex issues that are arising.</p> <p>The Council’s Wellbeing Objectives were developed in close collaboration with public service partners with the Cardiff PSB seeking to adopt the same seven Wellbeing Objectives in its Local Wellbeing Plan 2023-28. This reflects the shared aspirations and common understanding of challenges facing the city and a clear view on the areas of work that require partnership working between the city’s public services.</p>
<p>Integration</p> <p>Considering how the public body’s Wellbeing Objectives may impact upon each of the Wellbeing Goals, on their other objectives, or on the objectives of other public bodies.</p>	<p>The Wellbeing Objectives cut across departmental silos, focussing on what all Council services can do to improve the wellbeing of the people of Cardiff.</p> <p>The development of the Wellbeing Objectives involves close cross-departmental and cross-portfolio working and involves the wider political governance of the Council, including Scrutiny Committees and the Performance Panel. This process ensures that interdependencies, opportunities and risks between Wellbeing Objectives can be identified and acted upon.</p> <p>As noted above, the development of the Wellbeing Objectives has been undertaken in close collaboration with public service partners, with clear alignment on policy and delivery through the Cardiff PSB and the Cardiff & Vale Regional Partnership Board.</p>
<p>Involvement</p> <p>The importance of involving people with an interest in achieving the Wellbeing Goals and ensuring that those people reflect the diversity of the area which the body serves.</p>	<p>The Council is committed to ensuring that the voice of the citizen is at the heart of decision-making through an ongoing programme of consultation and engagement work. This includes the annual Ask Cardiff Survey, engagement work with children and young people, the Budget Consultation and other public engagement undertaken over the course of the year. A Consultation Overview Report has been created to summarise the key findings of consultation exercises undertaken, broken down by Wellbeing Objective.</p>

Contribution to National Wellbeing Goals

The Welsh Government has set out national Wellbeing Goals under which Cardiff Council and the Cardiff PSB have agreed complementary local Wellbeing Objectives. In order to measure Cardiff's progress towards achieving the seven Wellbeing Objectives, a series of high-level outcome indicators were selected which provide objective measures of the city's performance.

Outcome indicators are high-level indicators which measure long-term trends. They provide an overview of the city's performance, both over time and relative to other cities and Local Authorities. The trends they measure are difficult to influence directly and no single body or organisation can be held accountable for delivering them.

A full set of outcome indicators will be published annually by the Cardiff Public Services Board, which provides an overview of how the city is performing.

Wellbeing Objective 1:

Cardiff is a great place to grow up

For many children and young people, Cardiff is already a great place to grow up. Education results are amongst the best in Wales, the outcome of school reports continue to be good in the main and the city offers a wealth of opportunities as part of the new Curriculum for Wales. However, inequality impacts the lives of too many children, young people, and their families, made worse by the lasting impact of the Covid-19 pandemic and the ongoing cost-of-living crisis. The Council remains committed to narrowing the gap in outcomes for our children and young people and to working with schools, families and partners to respond to the challenges relating to attendance and pupil wellbeing in schools.

For our city’s vulnerable children, young people and their families, the Council will continue to provide the highest quality of care and support. Families will be provided with the right support at the lowest safe level of intervention, enabling families to remain together where it is safe for them to do so. This will involve providing support in the community and a variety of homes for children, supporting a permanent workforce all supported by good practice and the procedures.

Our priorities for delivering a stronger, fairer, greener Cardiff in 2024/25:

- **Being a Child Friendly City: Advancing the rights of children and young people**
- **Learning Entitlement: Providing high-quality education and learning opportunities for all**
- **Wellbeing, Equity and Inclusion: Ensuring all children and young people are ready and able to learn, and enjoy positive health and wellbeing**
- **Delivering Sustainable Communities for Learning**
- **Shifting the balance of care:**
 - Place
 - People
 - Practice
- **Protecting the wellbeing of vulnerable children, young people and families**

Wellbeing Objective 2:

Cardiff is a great place to grow older

The population in Cardiff is ageing, as it is across Wales. As an Age-Friendly City, the Council is committed to doing all it can to support people to live healthily and independently in their own homes and communities as they get older.

Not only is this important for the health and wellbeing of older people, but also for ensuring we can continue to deliver sustainable public services given the current and projected levels of demand for adult social care. These are pressures that are being felt across the public service system, so close working with Cardiff and Vale University Health Board and other public sector and community partners will therefore be vital in ensuring that Cardiff is a great place to grow older.

Our priorities for delivering a stronger, fairer, greener Cardiff in 2024/25:

- **Supporting older people to stay active and connected in an Age-Friendly City**
- **Supporting older people to live independently at home through strengths-based preventative services**
- **Working in partnership to deliver high-quality sustainable care and support**
- **Supporting unpaid carers and valuing their role**
- **Ensuring our services meet the needs of the most vulnerable**

What we will do to make Cardiff a great place to grow older

Supporting older people to stay active and connected in an Age-Friendly City

We will:	Lead Member	Lead Directorate
<p>Work with partners as part of our commitment to be an Age-Friendly and Dementia Friendly City by:</p> <ul style="list-style-type: none"> • Playing a full part in the World Health Organisation’s Network of Age-Friendly Cities; • Measuring our success through a city-wide evaluation framework and key performance indicators; • Recruiting volunteer Dementia Friendly Ambassadors to encourage local businesses to become dementia friendly; • Producing an annual report on progress. 	Cllr Norma Mackie	Adult Services, Housing & Communities
<p>Encourage employment and prevent discrimination against older people in the job market by:</p> <ul style="list-style-type: none"> • Working in partnership with the Department of Work and Pensions to deliver Adult Learning’s 50+ Employable Me course and engage employers to offer guaranteed interviews to participants who complete the training; • Increasing digital sessions across the city, supporting older people with digital deprivation, continuing with the digital tablet gifting scheme; • Encouraging employers to sign up to the Age Friendly Employer Pledge scheme operated by the Centre for Ageing Better and developing Cardiff-specific reporting to track progress. 	Cllr Norma Mackie	Adult Services, Housing & Communities
<p>Provide opportunities for all people to get involved in their community, and in particular to support older people to stay active and connected, including:</p> <ul style="list-style-type: none"> • Working with community groups and volunteers to broaden the range of activities, events and opportunities to get involved offered in the Hubs; • Further developing and embedding the “Hubs for All” approach, improving access to community activities for those who need additional support; • Following the successful development of the Wellbeing Hub in Llanedeyrn, working with the Cardiff and Vale University Health Board on plans for a similar scheme for Ely and Caerau, and to fully integrate health initiatives into all Hubs; • Continuing to build on the advice and support available in Hubs for older people and carers; • Continuing to review the effectiveness of the actions taken to prevent loneliness and isolation. 	Cllr Norma Mackie & Cllr Lynda Thorne	Adult Services, Housing & Communities

We will:	Lead Member	Lead Directorate
<p>Work with Primary, Community and Intermediate Care (PCIC) to support and embed a preventative approach to reducing demand on GP services by:</p> <ul style="list-style-type: none"> • Promoting a preventive approach through the effective use of social prescribing; • Ensuring patients receive the right support at the right time by improving GPs' awareness of available services within the community; • Increasing GP engagement and collaboration via the Cluster Multi-disciplinary Teams to support the development of a whole systems approach to address citizen needs. Wellbeing Objective 3:

Supporting people out of poverty

Cardiff has experienced significant economic growth over the past decades, however persistent patterns of inequality remain evident across the city, with some of the most deprived communities in Wales found in the capital city. The ongoing cost-of-living crisis is amplifying the financial strain on households, making the cost of meeting basic needs ever more expensive, intensifying the pressures that many people face and deepening existing inequalities.

The Council will continue to offer a wide range of support, particularly for those in most need. This will include support to access job opportunities, promoting the Real Living Wage, improving health outcomes, supporting rough sleepers and helping prevent homelessness.

Our priorities for delivering a stronger, fairer, greener Cardiff in 2024/25:

- **Supporting those most impacted by the cost-of-living crisis**
- **Supporting people into work**
- **Continuing our Living Wage City ambition**
- **Embedding our new approach to preventing homelessness and ending rough sleeping**

Wellbeing Objective 4:

Safe, confident and empowered communities

The Council will continue to invest in communities, providing the environment, services and support needed for them all to be safe, confident and empowered. This will involve leading the response to the housing emergency by doing everything possible to improve the availability of affordable housing to rent or buy. It will also involve an ongoing programme of investment to regenerate local and district centres, maintaining the quality of the city's parks and green spaces, supporting sports and culture at the community level and promoting the Welsh language.

Cardiff remains one of the safest and most inclusive cities in the UK. The Council will continue to focus on tackling crime, anti-social behaviour and all forms of exploitation in our communities, working in close partnership with South Wales Police, public services and community partners.

Our priorities for delivering a stronger, fairer, greener Cardiff in 2024/25:

- **Leading the response to the Housing Emergency**
- **Investing in communities**
- **Ensuring children and adults are protected from risk of harm and abuse**
- **Creating safe and inclusive communities**

Wellbeing Objective 5:

A capital city that works for Wales

Cardiff's economy is an important driver of regional and national prosperity. Over the past decades, the city has played a crucial role in creating net new jobs and, more recently, in leading the post-Covid recovery.

Creating more high-quality employment opportunities – accessible to local people – remains a priority for the Council. To attract well-paid jobs and retain a skilled workforce, the Council will continue to invest in transport and business infrastructure, support key sectors and help shape a supportive environment for business development. All this will be supported by an ambitious programme of regeneration that will continue to transform the bay and city centre, and establish new business districts across the city.

Our priorities for delivering a stronger, fairer, greener Cardiff in 2024/25:

- **Leading the economic development in Wales**
- **Leading the economic development in Cardiff**
- **Supporting the cultural sector and major events programme**
