Stop spending money on Welsh	155	48.1	<ul style="list-style-type: none"> No...stop wasting money on unnecessary Welsh Language initiatives and spend more of it on improving road maintenance and fighting crime/unsociable behaviour. Whilst I support the Welsh language I really think we waste a lot of money slavishly insisting everything is bilingual when the proportion of people speaking Welsh in Cardiff is very small. I don't think it is worth providing ACL courses in Welsh. In the climate of cuts the Welsh language standards are going to cripple budgets and I speak Welsh.
Only if demand can justify cost	64	19.9	<ul style="list-style-type: none"> This should only be done if there is sufficient demand to justify the cost. Offer welsh provision only if there is a need....enough interest in a particular course. Shouldn't be a duplication of courses unnecessarily.
Should be widely available and accessible	61	18.9	<ul style="list-style-type: none"> A very good idea. Yes please. We Welsh speakers need more opportunities to learn through the medium of Welsh. Working with Menter Caerdydd could help as they offer a range of interesting learning opportunities through the medium of Welsh.
Barriers	23	7.1	<ul style="list-style-type: none"> Cheaper courses during evening hours would help working people access courses.
Course suggestions	13	4.0	<ul style="list-style-type: none"> Local history, culture and heritage. Language alone is no good unless Welsh learners understand the context.
Needs greater publicity	9	2.8	<ul style="list-style-type: none"> A large number of people have expressed to me that they would like to learn Welsh but do not know how to go round it and are not aware of adult learning services or a lack of confidence about learning.
Don't know	8	2.5	<ul style="list-style-type: none"> I don't know what is even delivered in English so I couldn't say what would be good to have in Welsh but I support the Welsh language.
Other comments	32	9.9	<ul style="list-style-type: none"> Engage young Welsh speakers in delivering Welsh language services. Create Welsh language ambassadors out of the young people so that they can start to embed the language in everyday life more.
